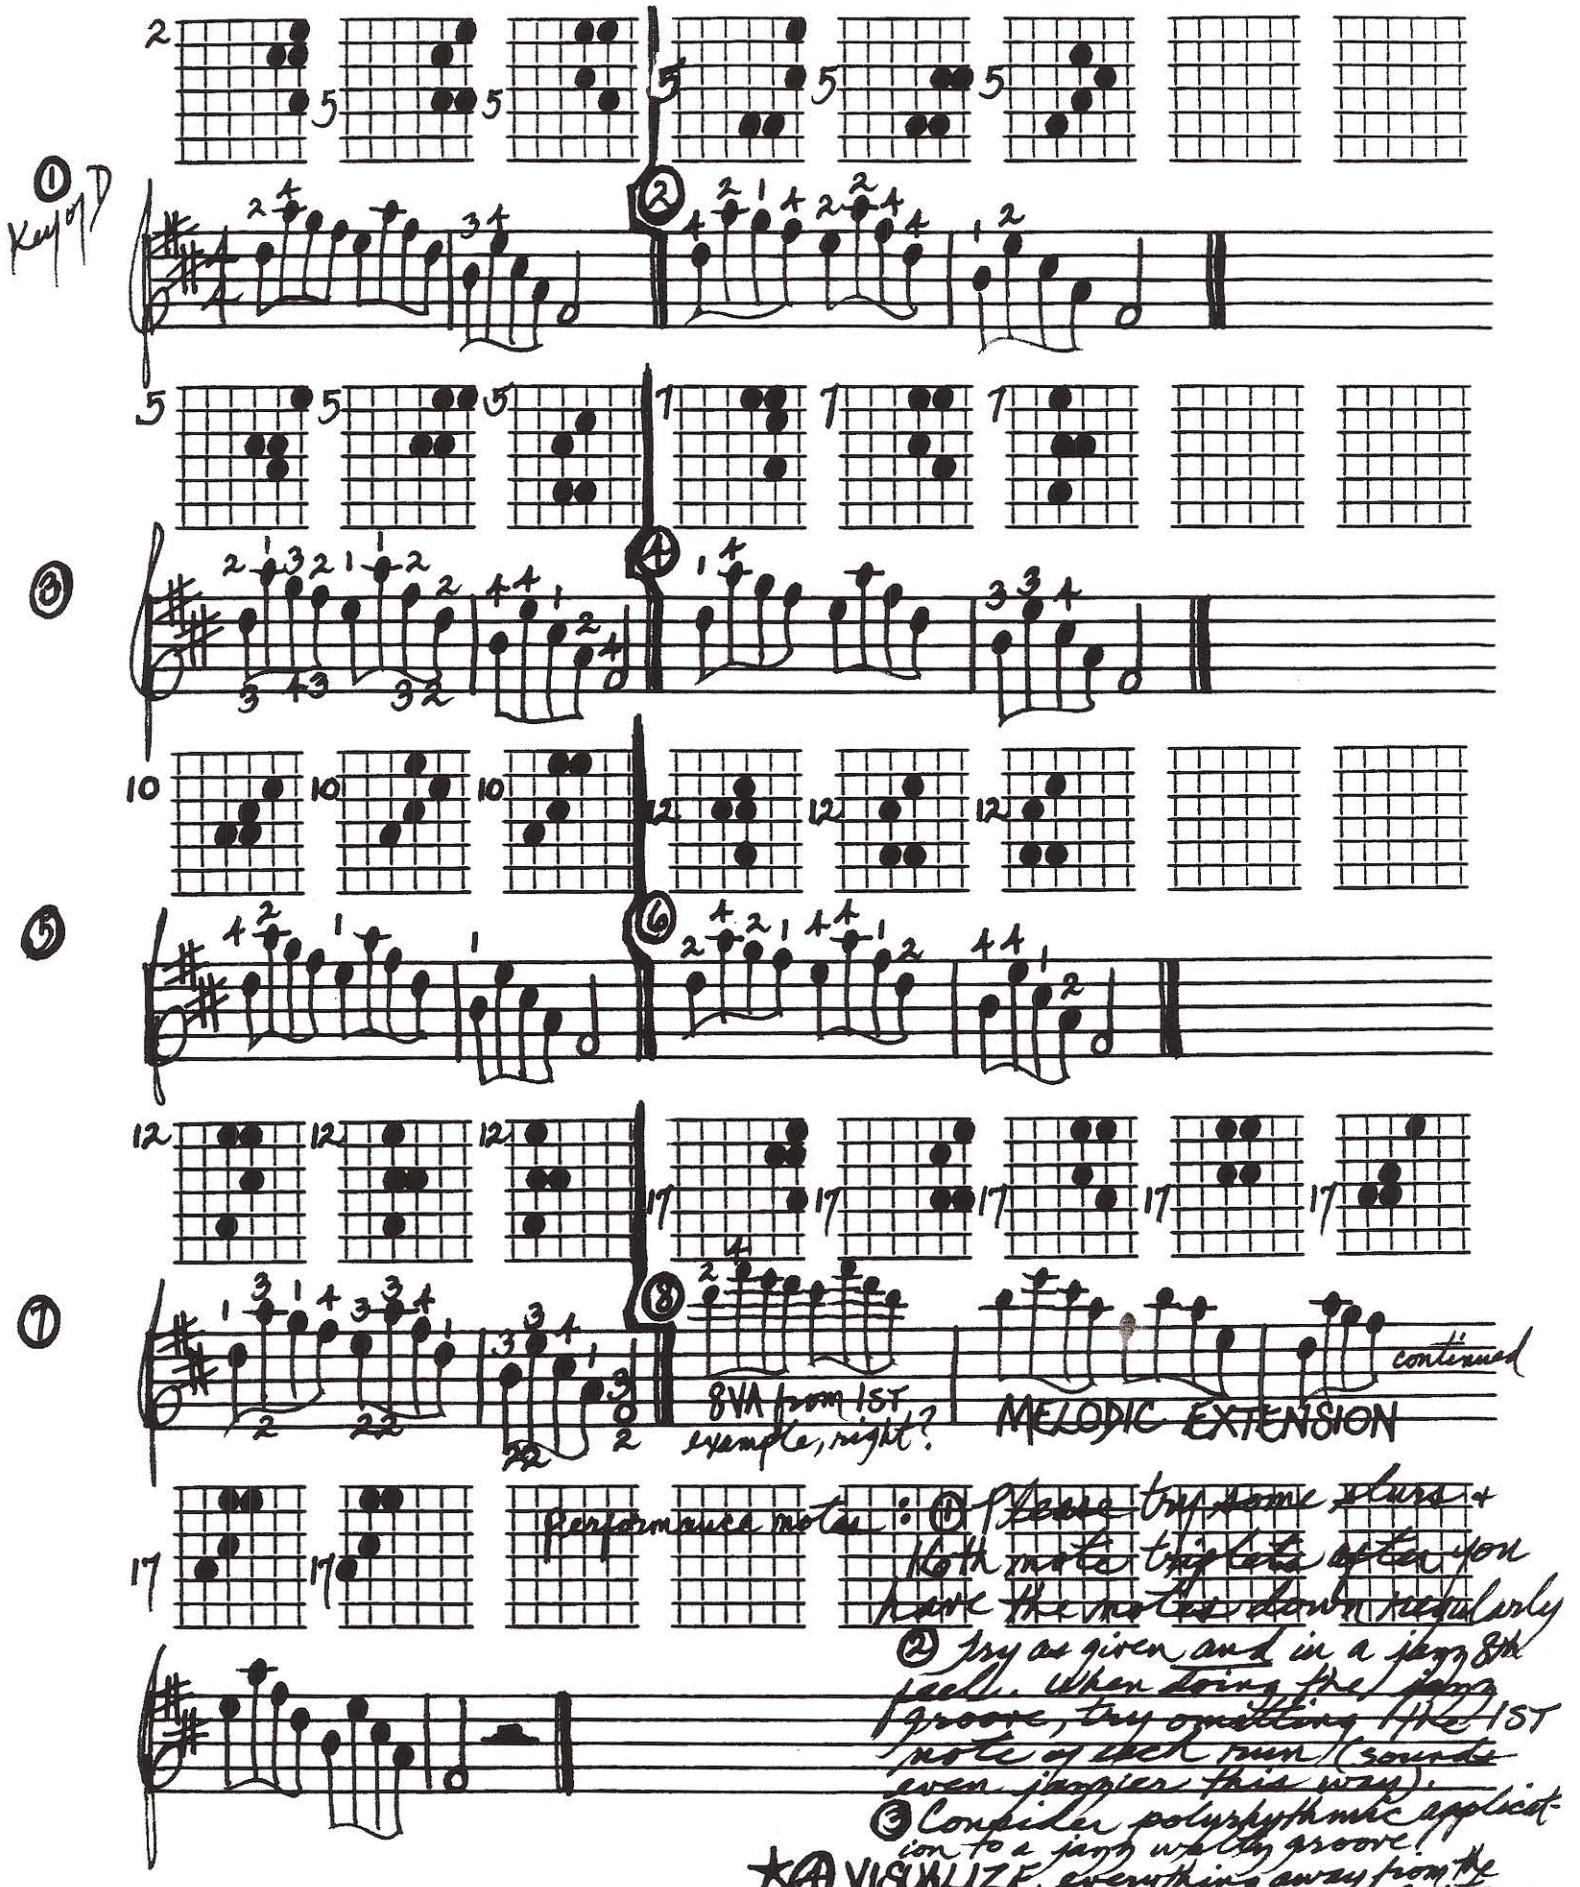
LEARNING THE FINGERBOARD : MAJOR SCALE

©9.11.89 Jeff Berlin



Performance notes: ① Please try some slurs + 16th note triplets after you learn the notes down regularly
② Try as given and in a jazz 8th feel. When doing the jazz groove, try omitting the 1ST note of each run (sounds even jazzier this way).
③ Consider polyrhythmic application to a jazz waltz groove!
★④ VISUALIZE everything away from the guitar.
