THE 1981 LOS ANGELES VINTAGE GUITAR SHOW

You are invited to attend a very special event to commemorate the history and artistry of the American Guitar. We are featuring the world's largest array of vintage instruments on museum display, an historical slide show presentation, and some special musical entertainment.

Various vintage instrument dealers will be selling their rare guitars and you may just find that special guitar you always wanted. Players, collectors, and guitar enthusiasts are all welcome to join in the weekend festivities.

The show is being held on May 2nd and 3rd, from 10 am to 9 pm at Norm's new store in Hollywood, located at 7001 Hollywood Blvd.
